## **TERMINATION OF THE HOLY YEAR. 1951**

### ISSUE.

Issued on the occasion of the closing of the Holy Year. Stamp with praying Mary of Fatima with attached label of a prayer from Pope Pius XII. Printed by Litografia Nacional in Porto on shiny paper. Sheet format is 10 by 10, half of which is labels. The label was to be used on the letter with the stamp otherwise postage due was levied. This order was not obeyed as too many letters were sent with the stamp only. Stamp and label on cover is therefore not common and in particular a cover rated with postage due is rare indeed. All 8 Colonies issued this stamp in different colours with a different prayer for each Colony. Print run 500,000. Issued in October
