## AIRMAIL ISSUES. 1965

### ISSUE.

An airmail issue with the design of each stamp including an airliner overhead. The designs show by increasing values: Cabinda Petroleum refinery. Cambembe Dam, Salazer Dam, Captain T. Duarte Dam, Creveiro Dam, Cuango Dam, Quanza Bridge, Captain T. Duarte Bridge, Oliveira Salazar Bridge, and Captain S. Carvalho Bridge. Designed by I. Saslkovits and C. Rocha. Printed Litho. Print Run 500,000 up to 5,000,000 of the 1.50e stamp. Issue Date July 17.

### ERRORS.

The 6e exists with the inscription omitted. For this issue, and a number of issues around this time, trial colour runs found their way onto the philatelic market. Different colour values and different shading. This material is classified as printers waste, but still valued by collectors.
