The status of this issue is unclear. Correios de Angola planned a competition for a 50th Anniversary commemorative stamp. To date, there is no mention of a 50th Anniversary issue on the CA webpage, so this sheetlet may be authorised by CA, or not. It is not known whether it is on sale at Luanda Central, or whether it can be attached to mail. As has been the case for many years, no stamps issued by CA can be used to frank mail, although they are allowed to be placed on a cover, and cancelled upon request. The image is from the PostBeeld sale catalogue and used with appreciation.

The status of this 2025 sheetlet is also unclear but it looks like it could be the product of the Independence stamp competition. Time will tell!
